We have established this environmental policy to be consistent with the purpose and context of our organisation. It provides a framework for the setting and review of environmental objectives in addition to our commitment to:

- protecting the environment, including the prevention of pollution;
- using resources sustainably, minimising the production of greenhouse gases, and protecting biodiversity and ecosystems;
- conforming to applicable legislative, regulatory and compliance obligations;
- continually improving our environmental management system and enhancing environmental performance.

We have produced environmental objectives which relate to this policy and they can be found in document IMR04 Environmental Objectives.

This policy is available to all interested parties and to the wider community through publication on our Website, Company Noticeboard and Intranet.
